

TracPhone® V7 Maritime Equipment Leasing Program

Bring Broadband Hardware and Service Onboard for One Low Monthly Price!

In today's competitive market, you need to run a smart and efficient business. That's why KVH Industries is making it even easier for you to bring broadband connections onboard your vessels with our flexible, affordable Maritime Equipment Leasing Program. Avoid that major capital investment when upgrading your vessels with KVH TracPhone and TracVision® satellite systems and instead treat these powerful SATCOM solutions as a multi-year operating expense.

Perfect for fleet opportunities, the KVH Maritime Equipment Leasing Program bundles your hardware and airtime costs into a predictable monthly expense. It makes broadband connections and VoIP telephone service more affordable than ever before by combining:

- 1) the monthly hardware lease rate for the powerful TracPhone V7 system;
- 2) a fixed-rate monthly mini-VSAT BroadbandSM airtime plan;
- 3) a 36-month extended warranty

Check out some of KVH's Leasing Program Data Rate Options:

all options include data and 2 phone lines of Enhanced VoIP Service¹

Commercial

| Maximum Data Rates ^{2&3} | | Leasing Program ⁴ |
|---------------------------------------|---------------|---|
| Ship-to-Shore | Shore-to-Ship | |
| 64 Kbps | 64 Kbps | <p>Low Monthly Price includes:</p> <ul style="list-style-type: none"> ✓ TracPhone V7 System ✓ Airtime Service Plan⁵ ✓ 36-month Extended Warranty <p>Contact: commercialsales@kvh.com for pricing details</p> |
| 128 Kbps | 128 Kbps | |
| 128 Kbps | 256 Kbps | |
| 256 Kbps | 256 Kbps | |
| 256 Kbps | 512 Kbps | |
| 512 Kbps | 1,024 Kbps | |
| 512 Kbps | 2,048 Kbps | |

Plus, you always have the option to enhance your maritime communications by adding TracPhone V7 accessories, one of KVH's Inmarsat FleetBroadband-compatible TracPhones for complementary global communications, or our TracVision satellite TV systems for the best in live news and entertainment!

Whether providing services for your crew or upgrading data connections to improve your business capabilities aboard your vessel, KVH's Maritime Equipment Leasing Program makes it easy and affordable to bring the latest satellite communications technology onboard.

¹ See KVH's "Enhanced VoIP Rates and Conditions" on the back of this sheet.
² Data rates may vary in different regions. For complete details, choose "TracPhone" at www.kvh.com/footprints and click on the mini-VSAT Broadband "Current Coverage Map".
³ See KVH's "Data Speed Statement" on the back of this sheet.
⁴ mini-VSAT Broadband and VoIP airtime subscription covered under separate agreement with KVH; lease does not include installation time and materials; requires 3-year airtime subscription; extended warranty does not include travel; taxes and fees may apply, contact sales representative for details.
⁵ See KVH's "General Subscription Conditions" on the back of this sheet.

Optional Equipment

| UCH-250 Fax Server Rates (optional) | |
|-------------------------------------|--------------------------|
| Plan | Price/Month [†] |
| P1 | \$45 |

[†] International long distance charges are additional on a per minute basis for all fax calls. For a current list of rates, see "KVH VoIP Long Distance Rate Sheet – Continental U.S. & Caribbean" under "mini-VSAT Rate Plans and Documents" at www.kvh.com/your_account

Enhanced VoIP Rates and Conditions

- All outgoing VoIP calls to any country except the U.S.A. are subject to long distance charges on a per-minute basis regardless of subscription plan. For current rates, see "KVH VoIP Long Distance Rate Sheet – Continental U.S. & Caribbean" at www.kvh.com/your_account under "mini-VSAT Rate Plans and Documents".
- All incoming calls are free of charge to the subscriber.
- Up to ten virtual local VoIP telephone numbers can be added for a monthly fee of \$9.95 USD per line. This feature makes it possible for incoming callers (shore-to-ship) to avoid long distance charges, regardless of where the vessel is located. For available area codes worldwide, see "VoIP Available Area Codes List" at: www.kvh.com/your_account under "mini-VSAT Rate Plans and Documents".
- All VoIP services are subject to KVH Enhanced VoIP Terms and Conditions.

Data Speed Statement

- Published data rates are based on the mini-VSAT Broadband network's speed capability. Due to terrestrial connections, transmission latency, and packet structure, subscribers will experience maximum speeds that are 70-80% of the published data rates. The network's size and capacity is designed to scale with subscriber growth and data use.

Hardware Leasing Conditions

- All hardware leases are subject to KVH's 3-year Master Lease Agreement and Airtime Services End User Agreement.

General Subscription Conditions

- All prices are in U.S. dollars.
- All plans are subject to KVH Airtime Services End User Agreement. Customer may sign up for a 1-, 2- or 3-year Airtime Service contract at activation; mini-VSAT Broadband rates in effect at time of initial contract will be honored for term of contract. After initial contract term, contracts are renewed on an annual basis.
- Seasonal suspension of Airtime Service is allowed (up to 3 months).
- Customer may increase their subscription plan during the contract period, but only prior to the new billing month.
- Static IP addresses are available (5 IP addresses max per modem). Contact KVH Sales Department for details.
- A \$29 service fee is charged monthly for the remote diagnostics and monitoring service.
- All customer use is subject to KVH's Fair Access Policy (FAP). Higher rate plans have higher FAP limits. These limits provide adequate bandwidth for typical network use. Applications such as peer-to-peer file sharing and streaming audio and video are prohibited and if used, consume excessive bandwidth and may cause users to violate KVH's FAP.
- KVH reserves the right to change airtime subscription plans.
